INTRODUCTION

Welcome to the 2024 edition of *College Football Betting Preview*. This publication has been designed to be a handy resource to not only get you up to speed on the upcoming season, but one to which you can constantly refer throughout the fall and into the sport's first-ever 12-team playoff. It has been constructed to be as useful to veteran handicappers as it is to those who may be new to sports betting.

The guide contains all of the information and statistics you need to become sufficiently informed about not just such national powers as Alabama, Ohio State and Georgia, but also the teams at the other end of the FBS spectrum, from Air Force and Akron to Western Michigan and Wyoming and every program in between. Our statistical analysis covers all 134 FBS teams, including this season's newcomer: Kennesaw State joins Conference USA, making the jump from FCS for the 2024 season. Each team capsule includes everything from last year's game log and situational records from the previous five seasons to the records of the head coaches that lead each program.

If you're looking for an edge when it comes to gaining insight and knowledge for the 2024 college football season, you've certainly come to the right place.

BETTING PREVIEW

2024

WINNING WAGERS

Arizona wide receiver Tetairoa McMillan, Miami Ohio quarterback Brett Gabbert, Oregon running back Jordan James and UNLV wide receiver Ricky White are key returning players on the only four FBS teams that beat the point spread in more than 70 percent of their games last season.
